

QUICK GROWTH-35

Growth Promoter & Performance Booster

Composition : Each 1000ml. contains

1,3 Beta Glucans	: 1,000mg
L-Lysine	: 4,000 mg
DL-Methionine	: 2,000 mg
Phenyl Alanine	: 2,800 mg
Serine	: 3,875 mg
Threonine	: 2,695 mg
Valine	: 3,645 mg
Arginine	: 5,200 mg
Cystine	: 1,000 mg
Glycin	: 1,050 mg
Leucine	: 5,700 mg
Isoleucin	: 3,275 mg
Tyrosine	: 3,200 mg
Histidine	: 1,970 mg
Biotin	: 2 mg
Vitamin A	: 2,500.000 IU
Vitamin D ₃	: 500.000 IU
Vitamin E	: 375 mg
Vitamin K ₃	: 250 mg

Vitamin B ₁	: 3,500 mg
Vitamin B ₂	: 4,000 mg
Vitamin B ₆	: 2 mg
Vitamin B ₁₂	: 10.000 mcg
Calcium	: 170 mg
Manganese	: 16 mg
Magnesium	: 1,820 mg
Iron	: 20 mg
Zinc	: 12.8 mg
Sodium	: 2.020 mg
Potassium	: 6.90 mg
Yeast Extract	: 2.060 mg
Aloevera	: 1.000 mg
Ocimum Sanctum	: 1.000 mg
Cooked proteins	: 1000 mg
Excipients	: Q.S.

"QUICK GROWTH-35" contains all essential ingredients to promote growth and to enhance individual performance in poultry birds.

1,3 Beta Glucans: It enhances immunity. It reduces risk of pathogens invasion in the GI tract.

Amino acids: "QUICK GROWTH-35" contains blend of amino acids which improves growth rapidly in poultry birds. Amino acids are the building blocks of protein and they also play a major part in physiological processes relating to animals energy, recovery, brain function, muscle and strength gains etc.

Biotin (Vit. H): It assists in the metabolism of carbohydrates, fat & proteins. Also acts as a coenzyme involved in energy production.

Vitamin A: It plays important role in reproduction process, immune response mechanism, and in regulation of carbohydrate, protein and fat metabolism.

Vitamin D₃: It is important constituent for the mineralization of the skeletal tissues.

Vitamin E: Acts as an antioxidant.

Vitamin K₃: Helps in blood coagulation.

Vitamin B₁: It plays role in the metabolism of carbohydrates and proteins, to produce energy for the body.

Vitamin B₂: It helps to convert carbohydrates into energy. It is essential for growth & production of red blood cells,

Vitamin B₆: Vitamin B₆ helps in the formation of red blood cells.

Vitamin B₁₂: Required for haemoglobin & red blood cell formation and also for hepatic regeneration.

Calcium: It is structural constituent of bones, it is essential for neuromuscular excitability, cell permeability & it is co factor for many enzymes.

Manganese: It helps to form connective tissue, bones, blood clotting factors, and sex hormones. It also plays a role in fat and carbohydrate metabolism.

Magnesium: It is component of bone, it activates enzymes & controls irritability of Neuromuscular system.

Iron: Essential mineral in the blood hemoglobin.

Zinc: It is essential for proper formation of the bones, cartilages & hoofs

Sodium: It helps to reduce the mortality during extreme heat and cold condition

Potassium: It is important in intracellular fluid, in acid-base balance, osmotic pressure, nerve transmission, CHO & Protein metabolism etc.

Yeast extract: To increase the digestibility.

Aloevera: It works as a natural healer & growth enhancer

Ocimum Sanctum: It increases immune status resulting in better conversion of feed leading to more weight gain.

Cooked proteins: It is source of protein.

Benefits :

1. It covers the deficiencies of vitamins, minerals and amino acids.
2. It helps for maintenance of optimum growth, health & immunity.
3. In broilers it increases body weight & in layers it increases egg production to achieve optimum profit.
5. It keeps the animals/birds, always active and healthy.
6. It relieves the animals/birds, from stress immediately.

"QUICK GROWTH-35" -Improves body weight in broilers.

"QUICK GROWTH-35" -Improves egg quality & egg productions in layers.

"QUICK GROWTH-35" Improves hatchability & fertility in breeders.

Dosage :

Poultry: In drinking water:

Broiler : 1 ml / 1 Ltr.

Layers : 0.5 ml / 1 Ltr

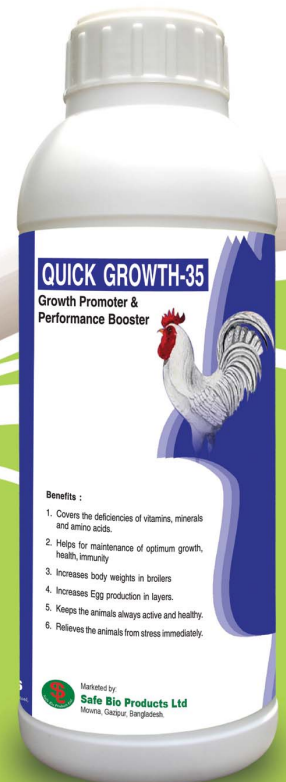

Breeders : 1 ml/ 1Ltr

Dairy Cows : 20-30 ml / animal / day

Calves : 5-10 ml/animal/day

(or) as advised by a Veterinarian depends upon requirement.

Presentaion: 1 ltr

"QUICK GROWTH-35" for QUICK GROWTH
